Yogyakarta, Indonesia

SUMMARY

I'm Muhammad Burhan Ismail. I was born on Magelang 27 January 2004. I basically live at Yogyakarta. I am an Information Technology Student. I am highly motivated for a career in technology, social media, and content creator. A creative individual with high curiosity and enthusiasm who has a passion for managing content social media especially web developer. I have been attracted to the idea of content creation, and how it can influence customer behavior toward a brand Experienced as Creator and Web developer. I'm an inquisitive person that enjoys learning new things and finding solutions to existing situations, I have a positive outlook on life and a solid ability to adapt and build a stable atmosphere. I'm a fast phase person who can work precisely under pressure.
